

AFTER-SCHOOL SEMINAR

Ideas for teaching STIs and safe sex to young people

This event is suitable for anyone who delivers sexuality and relationships education within schools. Our presenters will provide an update on sexually transmissible infections (STIs) with a focus on the most common issues for young people in Western Australia. The session will also provide some ideas on how to make lessons related to STIs and safer sex fun and engaging.

Afternoon tea will be provided upon arrival with opportunity to network.
