- Philippines
- Burma
- China
- India
- Indonesia
- Malaysia
- South Sudan
- Iran
- Thailand
- Vietnam

# Health Ambassador Experiences

- Reduce fears and anxiety for testing
- Speaking in my dialect and English provides a greater understanding
- People feel more comfortable to share and discuss
- 50% have reported getting tested and vaccinated

**hepatitis***wa*

# Comments:

“Thank you for sharing. I assumed I was already tested but now I'm not so sure. I want to get a test”.

South Sudanese Female

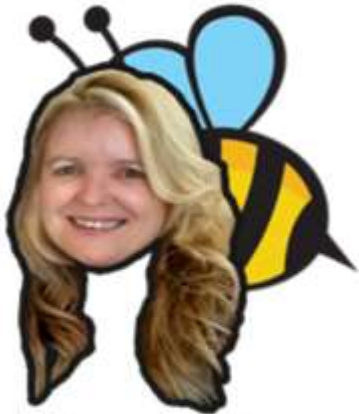

hepatitis *wa*

# Lessons learnt

- Reached more Men
- Partnerships vital
- Providing financial incentives
- Training, support and resources
