AFTER-SCHOOL WORKSHOP

Relationships and Sexuality Education in WA schools:
Current issues and trends

Results from the most recent National Survey of Australian Secondary Students and Sexual Health (2018) have recently been released. This after-school seminar will share key research findings, with a particular focus on the WA context.*

A panel of presenters will also consider the perspectives of schools, teachers and youth.

This is a satellite event to the Australasian Sexual Health Alliance (ASHA) Conference. Please feel free to join us from 4:00pm for afternoon tea and to browse the extensive Exhibition Space & Poster Area. The seminar will commence at 5:00pm.

Event Details
